Definitions

Diversity is the term used to describe the differences and uniqueness of all people. It can refer to demographic characteristics, such as age, ethnicity, gender, sexuality, religion, socioeconomic status, academic ability, or social origin. Diversity can also include personal characteristics such as disability, medical condition, carer's responsibilities, pregnancy or potential pregnancy and any other characteristic of an individual.

Inclusion means to embrace and value all people, irrespective of their diversity and diverse characteristics. It is about providing equity and opportunities and not permitting discrimination or intolerance
